

 **Longobin®**

*- don't waste time*

Stylish, practical  
and user friendly  
waste solution  
for public spaces

- Efficient
- Hygienic
- Environmentally friendly

# In a neat, simple and environmentally friendly manner Longobin facilitates waste management

Longobin is a practical and hygienic solution for efficient waste management. The unique bagging system makes Longobin both economic and environmentally friendly. The barrel is easy to put on and take off, and the bag is quick to change. The sleek design allows the Longobin to blend in public environments such as restaurants, cafes, hotel lobbies and waiting rooms.

## EFFICIENT

- Longobin is loaded with a bag cassette 55 metres in length.
- Variable bag size for flexible changing intervals.
- New bag always in place.
- Bag always securely sealed.
- Quick bag replacement – saves time.
- Less cleaning – waste never misses the bag.
- Variable bag size always ensures bags are 100 % full.

## HYGIENIC

- No waste misses the bag.
- No waste on the floor. Not even during bag change.
- No contact with the waste.

## ENVIRONMENTALLY FRIENDLY

- Longopac bags are manufactured from three-ply polyethylene – low material consumption and high strength.

Longobin is loaded with a Longopac cassette that is available in a variety of strengths and colours, as well as 100 % compostable for organic waste.
